

SPECIAL THANK YOU TO:

Mrs. Mauro Lucariello

Obviously without her generosity, this project would not have been possible. She donated the trolley car in honor of her late husband Mauro. As per her wishes, a plaque with words to that affect will be displayed in the restored trolley.

Lee Harkness, Gateway Train Station

Inviting Trolley Car #93 to occupy a perfect space for restoration at the station has really jump-started the project.

Jim Mitchener

Restoration project lead, thank you for stepping up to the challenge.

City of Jamestown's Mayor Teresi and Jeff Lehman Director Public Works
